

Business Proposal: Licensure and Management Services Agreement (MSA) Model

Pain and Sleep Therapy Center (PSC)

Vision

To expand the Pain and Sleep Therapy Center (PSC) nationwide by partnering with aligned doctors and practices through a **brand licensure agreement** and a **non-clinical management services agreement (MSA)**. This model is designed to preserve clinical independence while ensuring brand integrity, operational excellence, consistent patient experience, and mutual long-term growth.

Licensure Agreement

Purpose

The Licensure Agreement grants participating practices the right to operate under the PSC brand and to access PSC's proprietary systems, training, and network. The license focuses on brand alignment, education, and platform access rather than operational control.

Key Financial Terms

- **One-Time Setup Fee:** \$25,000
- **Ongoing License Fee:** 3% of Practice revenue, paid quarterly

Benefits and Inclusions

Trademark and Branding

- Licensed use of the PSC trademarked name, logo, and brand assets
- Comprehensive brand identity package, including:
 - Logo usage standards

- Brand colors, fonts, and visual guidelines
- Approved templates for marketing and patient education

Website Creation

- Custom website creation aligned with PSC brand standards

Website Recognition & Digital Presence

- Location listing on the PSC flagship website
- Inclusion in national PSC digital presence to drive patient awareness
- Brand-consistent digital identity across platforms

Preferred Vendor Access

- Access to PSC-negotiated preferred vendors, including:
 - Labs
 - Supplies
 - Marketing and website vendors
- Discounted pricing where available

Training and Education

- Access to on-site observation and training at the PSC flagship practice in Newark, Delaware
 - Structured training modules covering:
 - Clinical philosophy and care coordination concepts
 - Business systems and patient experience frameworks
 - Brand standards and best practices
-

Management Services Agreement (MSA)

Purpose

The Management Services Agreement provides **non-clinical operational, strategic, and administrative support** to help practices scale effectively while remaining clinically independent. PSC does not provide clinical services or exercise control over clinical decision-making.

Key Financial Terms

- **Management Fee:** 5% of Practice revenue, paid quarterly

Benefits and Inclusions

Marketing & Growth Support

- Development and execution of a centralized marketing strategy designed to increase local visibility, improve lead attribution, and support long-term demand generation
- Strategic marketing guidance aligned with PSC brand standards
- Professionally designed, brand-approved marketing materials
- Inclusion on the national flagship PSC website to support patient awareness
- Expansion and management of local SEO and citation presence across authoritative healthcare and local platforms to strengthen Google Map Pack and local search visibility.
- Ongoing website optimization to support technical SEO best practices, service-line alignment, patient education, and conversion pathways.
- Creation and management of educational content, including blog and service-related materials, to support organic search growth and reinforce clinical authority.
- Optimization and ongoing support of Google Business Profiles to enhance proximity-based discovery and local relevance.
- Strategic management and restructuring of paid advertising campaigns to ensure accurate conversion tracking, performance accountability, and scalable investment decisions.

Performance Metrics & Reporting

- Standardized PSC KPI frameworks
- Regular performance reviews
- Benchmarking against PSC network and national standards
- Customizable reporting tools for operational KPIs

Operational Support

- Access to PSC's proven operational and business processes
- Centralized documentation repository (e.g., Google Drive)
- Scheduling, intake, patient flow, and care coordination guidance
- Fee schedules and update guidance
- Scalable workflow design
- Strategic referral network development across the PSC doctor network
- Guidance on building and activating inter-practice referral pathways
- Custom provider referral strategies, including development of branded provider drop packages and outreach materials

Coaching, Training & Team Development

- Monthly coaching check-ins with PSC leadership and the National Director of Operations
- Operational coaching focused on growth, efficiency, and patient experience

- Verbiage and scripting training for:
 - New patient intake
 - Patient education and expectations
 - Treatment coordination conversations
 - Provider to Patient verbiage support
- Team performance evaluation support focused on workflows and experience (non-HR, non-employment)
- New hire onboarding workflow guidance

Technology Integration

- Access to PSC-approved clinical and business technology frameworks
- Training and implementation guidance
- Ongoing updates and best-practice recommendations
- Automated dashboards for increased visibility into patient and referral partner growth

Quality Assurance Program (Non-Clinical)

- Operational and brand audits
- Patient experience and process consistency reviews
- Feedback sessions and continuous improvement initiatives
- No oversight of clinical judgment or clinical outcomes

Human Resources Support (Non-Employment)

- Access to PSC-developed HR documents and templates
- Proven hiring and onboarding process frameworks
- Team improvement and quality assessment programs
- Annual review program structure

PSC does not make employment decisions or administer HR functions.

Optional Add-On Services (Separate Agreement Required)

The following services are **not included** in the MSA or licensure fees and may be offered pursuant to separate written agreements and separate fees:

- Bookkeeping services
- Fractional CFO services
- Quarterly financial reviews and CapEx planning
- Financial modeling, budgeting, and forecasting

Participation in add-on services is optional and not required as a condition of licensure or management services.

Compliance and Clinical Independence

All PSC agreements are structured to comply with applicable federal and state laws, including corporate practice and fee-splitting regulations. All clinical services remain under the sole authority and responsibility of the licensed providers and Practice owners.

Conclusion

The PSC Licensure and Management Services model provides a scalable, compliant, and doctor-aligned framework for national expansion. By separating brand licensure from non-clinical management support, PSC preserves clinical autonomy while delivering meaningful value in branding, operations, training, and growth.

This model is designed to foster long-term partnerships, consistent patient experiences, and sustainable success for both PSC and participating practices.
